Special Dispatch to The N. Y. Tribune.

REPUBLICAN TRIUMPH IN BALTIMORE. BALTIMORE, Oct. 10 .- To-day, the Radicals of Bal-Baltimore, Oct. 10.—To-day, the Radicals of Baltimore joined hands with their brethren of Pennsylvania, Ohio, Indiana and Iowa, in their rebuke of "My Policy." Notwithstanding all the influence of Federal patronage, Gov. Swann's threats, and the money of Rebel sympathizers, the Unionists could not be induced to "swing round the circle" and sarrender the Constitution and stars to those who have been endeavoring to obliterate both for the past five years. The election to-day has consequently resulted in the choice of John Lee Chapman for Mayor, and the entire Radical ticket for both branches of the City Council. Among the Councilmen elected are those who voted against tendering the hospitalities of the city to President Johnson, on his return from his eity to President Johnson, on his return from his recent electioneering tour. A heavy storm prevailing in the afternoon prevented many from going to the polls to vote. The Radicals carried all of the Wards

polls to vote. The Kadienis carried all of the Wards in the city. The following are Chapman's, majorities: Ward. Ward. Ward. NEWARK CHARTER ELECTION.

The charter election in Newark on Tuesday passed off very quietly, and resulted in a triumph for the Repulicane, their city ticket being elected by 1,162 majority, and a clear gain being made of three Republicane in the Com-mon Council. The following is the result of the vote upon the city ticket by majorities:

.. 260 75 75 239 Total... 80 80 ion majority, 1,162; do. in 1865, 1,332. 754

Union majority, 1.162; do. in 1865, 1.332.

On Aldermen the result is about the same—the Republicans running behind a little in the First and Second Wards, but making large gains in the Sixth, Eleventh and Twelfth Wards, where they ran ahead of their ticket.

In the Ninth and other of the strong Republican Wards, many registered Republicans failed to vote. At the November election George A. Halsey, the Republican candidate for Congress, will have nearly 2,000 majority in the city, ensuring his triumphant election over Robert Gilchrist by at least 1,560 majority.

GREAT BRITAIN. PROPOSALS TO INCREASE THE NOMINAL CAPITAL AND REDUCE THE TOLL—EARNINGS OF THE CABLE—DECLINE IN CABLE SECURITIES—COMMEMORATIVE

The Atlantic Telegraph Company held a special

The Atlantic Telegraph Company held a special meeting on the 27th of September. The Directors submitted a report congratulating the sharcholders on the success of the cable, and thanking those through whose energy and persoverance it was laid.

The report asks the sanction of the sharcholders to apply to Parliament for power to increase the nominal capital to £5,000,000, sterling, including the existing capital. The Directors explain that they abandoned the proposition to issue £1,200,000 with the first preferential dividends as unnecessary, and instead as for power to issue the balance of capital, and to apply to Parlie ment for increased powers. The report was adopted.

The Right Hon. Jas. S. Writtley, chairman, said that he anticipated at a very early moment a great reduction in the cabis surfit, probably to one-half the present rates.

In 55 days, ending September 21, the cable carned £46.08, which would make an average, including Sundays and steppages of fand lines, of £837 sterling a day, and if they exclude the exceptional days when the cable could not work at all, the average would be £950 a day.

[These figures are very far from confirming the recent state ment in The London Times that the cable was carning at the rate of £900,000 a year.]

The various cable securities have somewhat declined is prices.

RUSSIA.

The Pall Mall Gazette says that Count Bismark's illness is of a serious character. To-day (as we learn by a private telegram) he is better; but it need be doubted no ionges that he is much shaken. The Count suffers from some disordes of the brain, we believe. He will soon take leave of absence for about ten weeks, but his present condition is such as to create doubt whether he will ever resume his official labors. Monzieus de Schleinitz, who was Minister in 1880, and M. de Savigny, who is regarded at Berlin as a very rising man, are already spoken of as likely to succeed to the high office which Count litsmark has so illustriously filled. M. de Savigny was Prussias Envey to the Bund up to the outbreak of the war, and lock a considerable part is the recent peace negotiations. This sewicomes rather ominously with renewed assurances that the French Empore's health is also in some danger. The Touce, is a leading article to-day, confirms the sinister news we had we give of his condition several days since.

He further stated that he had gladly accepted in the interests of Germany, the allegiance offered by Prussia, and had recalled the troope that had joined the Federal army of execution.

On the arrival of Mustaphia Praha in Candia he issued a proclamation calling on the inhabitanta to submit to the Tarkish authority and promising to redress all grievances. The insurrectionists were required to lay down their arms is five days.
